Na studijskom programu Inženjerstvo zaštite životne sredine,  
od oktobra 2010. godine u toku je TEMPUS projekat  
„Modernizacija poslediplomskih studija hemije i hemiji srodnih programa“  
koji za cilj ima podizanje kvaliteta studija. U toku su realizacije aktivnosti radnog paketa 4 koje se  
sastoje od obučavanje osoblja za pripremu nastavnog materijala  
i razvoj on-line nastavnog materijala kroz niz radionica, koje organizuju Univerziteti u Srbiji.  
Visoka poslovno-tehnička škola u Užicu  
u periodu 09. do 11. 05. 2012.  
je domaćin radionice “Uticaji na životnu sredinu”.  
Radionica će se održati u sali 205 Visoke poslovno-tehničke škole.  
Pozivamo vas da učestvujete u radu radionice.
